Need help planning your next bus trip? Go to  
Map Your Route at [cityutilities.net/transit](http://cityutilities.net/transit).

6'5"

The stealing of electricity, natural gas and water affects everyone. And it's against the law.

6'0"

When someone tampers with or steals utilities, it can cause higher rates for everyone while jeopardizing your safety. Fire, electric shock, explosions, and in extreme cases, loss of life can occur with utility theft.

5'5"

Please be aware, increased wire theft has prompted new laws requiring recyclers to track all scrap metal sales. Crime doesn't pay. CU investigates and prosecutes for utility theft. Don't take chances with your family and friends. All of these actions create extreme danger for you and utility workers. In addition, it affects service reliability.

**UTILITY  
THEFT IS  
A CRIME**

Do the right thing. If you are having trouble paying your bill, call CU to schedule a payment plan. Don't resort to thievery.

4'0"

**Report suspicious activity to 911 or call CU at 863-9000 for additional information.**
