

COMMUNITIES IN MOTION WEEK, JUNE 8 – 12

First, there were horse-drawn streetcars for public transportation. Next, came the electric trolleys that traveled throughout center city. Today, CU buses travel over 4,000 miles daily, delivering more than 1.5 million passengers annually to work, shopping, and entertainment destinations.

To show our appreciation for your support all these years, we invite you to enjoy these special activities when you ride the BUS.
