

TechHOUSE staff will help you get started with your residential, industrial, or commercial construction project. They can determine your meter location, service size and collect any fees. If your project requires engineering design, a staff of professional engineers can keep your project moving in the right direction. Services include:

Service Connections and Fees

Engineering Design

Utility Cost Estimates

Subdivision Designs

Plat Reviews

Street Lighting Requests

Security Lighting Requests

Fire Hydrant Meter Requests

Call (417) 863-9000 and press “5”, or stop by the **TechHOUSE** for a consultation from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
