

ENERGY STAR® HEATING & COOLING REBATE - AIR-SOURCE HEAT PUMP APPLICATION FORM

City Utilities electric residential, multi-family and residential new construction customers who purchase and install an air-source heat pump system may qualify for a rebate of \$100 per Ton and \$25 for each additional Seasonal Energy Efficiency Ratio (SEER) above 14 for existing homes, and above 15 for new construction. Electric air-source heat pumps use the difference between outdoor air temperatures and indoor air temperatures to cool and heat your home. Nearly 50% of a home's energy consumption is attributed to heating and cooling. So making wise decisions about your home's Heating, Ventilation, and Air Conditioning (HVAC) systems can have a big effect on your comfort level and utility usage. For this reason, City Utilities is offering a rebate to help make this energy efficient decision more affordable. *Certain restrictions apply; see Guidelines.*

Customer Information:

Name: _____
 Service Address: _____
 _____ Zip: _____
 Mailing Address: _____
 _____ Zip: _____
 Email: _____
 Daytime Phone: _____
 City Utilities Account Number: _____
 Single Family Multi-Family/Rental Residential New Construction

By my signature, I understand that City Utilities is providing a rebate of \$100 per Ton and \$25 for each additional SEER above the required minimum efficiency after the purchase and installation of an air-source heat pump system. City Utilities is not responsible for the air-source heat pump system performance or energy savings, and does not provide any warranties or guarantees, expressed or implied. I certify the information provided with this application is true, and I have read and understand the program guidelines.

Before receiving a rebate from City Utilities of Springfield, a customer must prove that he or she is a citizen or permanent resident of or is lawfully present in the United States. In order to show your lawful presence in the U.S. in accordance with Section 208.009 R.S.Mo., **please provide your Missouri Driver's License Number or U.S. Passport Number:**

MO DL # or U.S. Passport # _____
 Customer Signature: _____
 Date: _____

I would prefer to: (check one)

- Apply the rebate to my utility bill.
- Receive a rebate check.
- Donate the rebate to Project Share, a tax-deductible donation. (This program is administered by Ozarks Area Community Action Corporation to assist City Utilities customers in need with emergency utility bill payments.)

HVAC Contractor Information:

(must be completed by contractor)
 Company name: _____
 Name of contractor: _____
 Company address (street, city, state, zip): _____

 Phone number: _____
 Date of installation: _____

Old System Information:

- Manufacturer: _____
- Size: (Tons) _____
- SEER: _____ EER: _____
- Approximate Age: _____

New System Information:

- Manufacturer: _____
- Model Number: _____
- Size: (Tons) _____
- SEER: _____ EER: _____ HSPF: _____
 Split System Packaged System
- Signature of HVAC contractor: _____
- Date: _____

Rebate Process:

1. Select an HVAC contractor who is qualified to perform a Manual J load calculation.
 - City Utilities recommends getting at least 2-3 different bids. For information on how to select a qualified contractor, or to view the City Utilities Heating & Cooling Contractor List, visit www.cuenergywise.com.
 - A Manual J calculation must be completed before the installation of the new system.
2. Complete the system installation.
3. **Submit the following information:**
 - ✓ **Application with the customer's and HVAC contractor's signatures**
 - ✓ **Copies of the invoice showing the date of installation**
 - ✓ **Manual J load calculation summary report**
 - ✓ **ARI Certificate**
4. The rebate will be processed within 3-5 weeks after the properly submitted application and information is received.

Mail to:
City Utilities of Springfield, Missouri
Energy Management & Conservation
PO Box 551
Springfield, MO 65801-0551

Please indicate the rebate amount in which the customer is applying for:

	14 SEER	15 SEER	16 SEER	17 SEER	18 SEER	19 SEER	20 SEER	21 SEER
2 Ton	<input type="checkbox"/> \$200	<input type="checkbox"/> \$225	<input type="checkbox"/> \$250	<input type="checkbox"/> \$275	<input type="checkbox"/> \$300	<input type="checkbox"/> \$325	<input type="checkbox"/> \$350	<input type="checkbox"/> \$375

Guidelines:

- 1. **Application must be submitted within 6 months of purchase date.**
- 2. City Utilities electric residential, multi-family and residential new construction customers who purchase and install an air-source heat pump system may qualify for a rebate of \$100 per Ton and \$25 for each additional Seasonal Energy Efficiency Ratio (SEER) above the minimum efficiency requirements listed below.
- 3. Installed air-source heat pump systems must be between 2-5 Tons and meet ENERGY STAR qualifications. City Utilities ENERGY STAR Heating & Cooling Rebates are subject to change as ENERGY STAR qualifications change.

Air-Source Heat Pump Rebate	Residential Single Family	Multi-Family / Rental	Residential New Construction
# of Rebates Per Program Year (Oct. 1 through Sept. 30)	2	6	6
Minimum Efficiency Required	14 SEER 11.5 EER 8.2 HSPF	14 SEER 11.5 EER 8.2 HSPF	15 SEER 12.5 EER 8.5 HSPF
Maximum Rebate Amount	\$1,350	\$4,050	\$4,050

- 4. The maximum amount provided per customer, per program year in conjunction with all City Utilities ENERGY STAR Heating & Cooling Rebates are:
 - ✓ \$2,210 for residential single family.
 - ✓ \$6,630 for multi-family/rental and residential new construction.
- 5. This rebate is for the heat pump equipment only. If a dual fuel system is installed and the secondary heating equipment is fueled by City Utilities natural gas, then the customer may submit a separate application for the efficient furnace rebate, if it meets the minimum efficiency guidelines. A rebate will not be provided for any secondary heating equipment that does not operate on a fuel supplied by City Utilities.
- 6. City Utilities requires a Manual J (or industry equivalent) load calculation be performed before installation to ensure proper sizing of the new equipment. Customers must obtain a copy of the load calculation summary report from their contractor and submit to City Utilities. A complete load calculation report may be required upon request.
- 7. To ensure the efficiency of the newly installed air-source heat pump system, City Utilities requires the customer obtain from their contractor an ARI (Air Conditioning and Refrigeration Institute) Certificate of Certified Product Performance. This will verify your system has been matched properly.

- 8. Rebate amount will be based on the efficiency ratios specified on the ARI Certificate. Without this certificate, the rebate will be denied.
- 9. A rebate will not be issued on partial replacements; both the condensing unit and the evaporator coil must be replaced on the same date to qualify.
- 10. Rebate is valid for purchased equipment. Leased equipment will not qualify.
- 11. A completed ENERGY STAR Heating & Cooling Rebate Application is required. The application must be signed and dated by both the customer and HVAC contractor.
- 12. Customer must submit a dated, detailed invoice as proof of installation and/or completion.
- 13. Failure to provide required information may result in denial of the rebate.
- 14. Rebates are awarded on a first-come, first-served basis until program funds have been depleted.
- 15. Contractors are responsible for the proper disposal/recycling of any waste generated as a result of this project, including the proper disposal of refrigerant.
- 16. Applicants must be the customer of record for an active, non-delinquent account.
- 17. City Utilities reserves the right to inspect the installed rebated material. If such site does not have the qualifying air-source heat pump equipment installed, the rebate will be debited back to the electric account.
- 18. City Utilities is not responsible for the air-source heat pump systems performance or energy savings, and does not provide any warranties or guarantees, expressed or implied.
- 19. **City Utilities reserves the right to amend or discontinue this program without notice.**
