

**CITY UTILITIES OF SPRINGFIELD, MISSOURI'S**  
**NOTICE OF 2016 TRANSMISSION FORMULA RATE UPDATE MEETING**

**Annual Update Information Posted**

City Utilities of Springfield, Missouri's (hereinafter "City Utilities") Transmission Formula Rate was approved by the Federal Energy Regulatory Commission on June 5, 2015, with an effective date of April 1, 2015. See FERC Docket No. ER15-964. On January 29, 2016, City Utilities posted its Annual Update that recalculates the Annual Transmission Revenue Requirement ("ATRR") and the rates for Network Integration Transmission Service (NITS), zonal Point-to-Point ("PTP") and Schedule 1 service for the new rate year. The Annual Update includes a workable populated formula template with fully functional spreadsheets showing the calculation of the Annual Update and underlying work papers in native format with links and formulas intact, including sufficiently detailed work papers and supporting documentation for data. The update is based on the independently-audited books and records of City Utilities for the most recent fiscal year (October 1 through September 30).

**Meeting for Interested Parties**

City Utilities of Springfield, Missouri will host its Transmission Formula Rate Annual Update Meeting at its offices located at 301 East Central, Springfield, Missouri on February 17, 2016, from 2:00 pm to 4:00 pm CDT. The meeting will be held in the Earl L. Barkley Auditorium located on the first floor of the Training Center. For those not able to attend in person, phone conferencing and web access will be provided.

Please RSVP to Cheri Hamlin, Cheri.Hamlin@cityutilities.net, by Friday, February 12, 2016 if you plan to participate in the meeting. In your RSVP response, please indicate whether your participation will be in person or remotely through telephone conferencing and/or web access. Meeting materials presented will be available electronically on the City Utilities website.

To attend the meeting by telephone conferencing and/or web access:

Dial: +1 (872) 240-3311
