

Shared Facilities

In accordance with its Standards of Conduct Implementation and Compliance Procedures, City Utilities of Springfield, Missouri will post on this page a complete list of employee-staffed facilities shared by any of the transmission provider's Transmission Function and Marketing Function Employees.

Facilities:

City Utilities of Springfield, MO
301 East Central Street
P.O. Box 551
Springfield, MO 65801-0551

Employees of CU or its Affiliate who are engaged in Marketing Functions will not have access to the Power System Control Center or to similar facilities used for transmission operations that differs in any way from the access available to other open access transmission customers. The Power System Control Center can only be accessed by use of a coded access card and unique pin code.

CU and Affiliate employees who are engaged in Marketing Functions have limited access to CU's energy management system (EMS), which allows them to view only generation-related data.

Version	Date	Action	Change Tracking
0	6-4-12	Document Origination	New
1	5-29-15	Minor Edit	Updated - JK
2	10-18-22	Revised CU logo	Updated - JK
