Guidelines

- **Applications must be submitted within 90 days of service completion date.**
- City Utilities electric and natural gas residential single family and multi-family customers may qualify for a \$50 rebate to have a tune-up performed on their heating system (September 1, 2022 through December 31, 2022).
- Rebates are limited to two (2) per premise.
- Customer is eligible for a heating system tune-up rebate every two years.
- Rebate will not exceed the cost of the heating system tune-up.
- Fireplace tune-ups do not qualify for this rebate.
- Rebate is not available for new construction.
- A completed Heating System Tune-up Rebate Application is required.
- A rebate will only be provided for tune-ups on heating systems for the premise identified on the application.
- Application must be signed and dated by the customer.
- Customer must submit a dated, detailed invoice as proof of service completion.
- Failure to provide required information may result in denial of the rebate.
- Rebates are awarded on a first-come, first-served basis until program funds have been depleted.
- Applicants must be the customer of record for an active, non-delinquent account.
- City Utilities is not responsible for the heating system's performance or energy savings, and does not provide any warranties or guarantees, expressed or implied.
- City Utilities reserves the right to inspect the rebated material. If such site did not have the qualifying natural gas tune-up performed, the rebate will be debited back to the utility account.
- Contracting companies may be excluded from participation in City Utilities' rebate programs if false or fraudulent information is provided to customers and/or submitted for rebate purposes. Contracting companies will also be subject to exclusion if it is determined that services were improperly completed.
- City Utilities reserves the right to amend or discontinue this program without notice.
